### PROFESSIONAL EXPERIENCE

---

#### Senior Bank Alliance Executive — Primasoft Technologies Est

20226 – Present

*Dubai, United Arab Emirates*

- Develop and maintain trust-based relationships with banking and financial partners to support smooth collaboration and mutual growth.
- Facilitate onboarding of banking partners and merchants, coordinating integration with internal systems and operational processes.
- Work with payment service providers (PSPs) and merchants to establish secure and compliant payment environments, including VPA creation and invoice setup.
- Conduct and review merchant KYC and AML documentation, ensuring onboarding requirements and regulatory standards are met.
- Perform compliance reviews, due diligence, and risk assessments before account activation to mitigate financial and reputational risk.
- Review banking agreements, service contracts, and merchant onboarding documentation for alignment with legal, regulatory, and institutional requirements.
- Coordinate chargeback handling and resolution, protecting the business from avoidable financial losses while maintaining clear merchant communication.
- Monitor partner satisfaction, performance, and service levels, providing proactive support and maintaining strong professional relationships.
- Stay informed on fintech developments, payment technologies, and regulatory changes affecting banking partnerships and payment systems.

#### AML / KYC & Customer Services Executive — CAMS Limited

Mar 2022 – Aug 2025

*HDFC Mutual Fund Account • India*

- Reviewed and verified customer and entity KYC documentation in line with AML and regulatory compliance standards.
- Managed investor bank and KYC details, ensuring thorough document verification and compliance.
- Loaded documents into EKYC, generated PDFs, and verified forms from branches and authorized persons.
- Updated trading account details, scanned forms, and uploaded them to CDSL Ventures Limited.

- MAM (Minor Attain Major) and data-consolidation activities to maintain a reliable single source of truth for client and banking records.
- Processed company-name changes and verified supporting documents and approvals in accordance with regulatory guidelines.
- Reviewed and updated FATCA and UBO information to support ownership transparency and international reporting requirements.
- Processed and verified nominee-detail changes while maintaining compliance with organizational and regulatory protocols.
- Validated investment-related documentation for authenticity, accuracy, and adherence to internal control procedures.
- Reviewed and monitored HUF dissolution cases, ensuring related financial and ownership transitions were accurately reflected in records.
- Monitored customer transactions for suspicious activities and reported them to the compliance department.
- Assessed the risk level of clients based on business activities and transaction patterns.
- Achieved 100% quality and consistently adhered to turnaround time (TAT) targets.
- Coordinated with compliance and audit teams to ensure updates, verifications, and reports met legal, operational, and regulatory requirements.
